

## Safe Use of Small Arms – Vickers Machine Gun (Mark I)

### Amendment 1.1.2

These Amendments are in addition to those of Amendment 1.1.1 and that should be checked and any books updated first.

Page numbers refer to the original page numbers for Version 1.1 of the book.

*Element 4.4. Page 50. After “They will then return the belt into the ammunition box or liner).” insert:*

The action is fired off with an aimed shot and then the tangent sight is folded and the sliding shutter is closed.

It is not necessary to open the top cover to inspect the weapon clear during the unload and it may be unsafe to do so depending on the temperature or state of the weapon.

*Element 7.5. Page 86.*

*After “outwards” insert: or down*

*After “inwards” insert: or up*
